RE: 2012 ISAA Breeder Agreement

We are starting the ISAA approved breeder process for 2012. We have a few changes this year. First, since the vast majority of ISAA breeders follow the ISIC guidelines, we are bringing a last few items into alignment with the ISIC guidelines. These are the number of puppies for males and the caveat that the male and female must be able to breed naturally. Please see the ISAA Breeding Guidelines <http://www.icelanddogs.com/Breeding-Guidelines-2012.html> for more information.

Second, we are offering an ISAA Approved Breeder logo for your use. It will be sent to you, as a jpg file, when you are approved as a 2012 ISAA breeder. Lastly, in our continuing efforts to streamline the breeder renewal process, we are offering an abbreviated application for breeders renewing for 2012.

To renew your breeder listing for 2012, please review the following pages of the breeder agreement, check the appropriate lines, sign and return by email or regular mail. Please return the agreement by December 15th to ensure your listing is updated January 1st.

New applications to become an ISAA breeder will be approved and posted after all of the required information is received, usually within two weeks. We need a picture of the dog and copies of hip and eye tests or be able to access them electronically.

Litter listing links to breeder web pages will be moved from planned to future to current depending on whether the litter is planned, mated (future) or the litter has arrived (current). There is no requirement that the stud dog owner be an ISAA member. The breeder, however, must be an ISAA member to list a litter.

ISAA members may list a litter using the ISAA litter listing form <http://xa.yimg.com/kq/groups/21881018/1077232052/name/ISAA%20Application%20For%20Litter-2012.doc> which is posted on the website in breedersqcorner and on the puppy page. Please follow the step-by-step-litter listing process as described there to list litters. Breeders are required to purchase a one year membership for any new puppy owner they sell to in the United States. If the new puppy owner is already a member, the membership will be added to the existing membership. If the new owner is a lifetime member or if the new owner does not become a member, the money will be donated to rescue in your name.

ISAA breeders who are **renewing** their listings for 2012: Please complete pages 2 and 3. If you are adding a dog, please complete the information on page 4 regarding that dog and if a dog is being retired, please advise us of that fact. **Prospective/New** ISAA breeders: Please complete pages 2 and 4.

2012 ISAA Breeder Agreement

Please check off each requirement as it applies to you. Each of these requirements must be agreed to or met to become an ISAA approved breeder.

1. ___ I have reviewed and agree to abide by the ISAA Breeding Guidelines.
<http://www.icelanddogs.com/Breeding-Guidelines-2011>
2. ___ I will follow the rules and regulations of my parent club and national kennel club. For a list of official ISD parent clubs click here <http://www.icelanddogs.com/Links.html>. Note: Since Canada does not currently have a CKC recognized parent club for the ISD, Canadian members would follow CKC regulations.
3. ___ I agree to participate in any study designated as a %special health related study+ (i.e. cataract grant/study) when asked by the BRCC/ISAA. If I request reimbursement for incurred testing expense for a designated special study, ISAA will pay that expense.
4. ___ (USA and Canadian breeders only) I agree to provide the BRCC with litter information within 5 months of whelping as well as for past litters as requested by the BRCC. I also agree to advise BRCC of any litters my stud dog has sired if they are not bred to a dog owned by an ISAA breeder, including # of puppies, names etc for inclusion in the IS pedigree database. http://www.icelanddogs.com/files/ISAA_Checklist_for_Litter_Information.doc
5. ___ I agree that I will purchase ISAA membership for any puppies sold to USA residents at the time of sale.
6. ___ The BRCC is aware of all ISDs I own or co-own. If not, that information is included as an attachment to this application. I agree to keep the BRCC updated on owner changes and health issues.
7. ___ I understand that I can be removed from the website at any time at the discretion of BRCC for failure to comply with these agreements, which also includes the use of the ISAA Approved Breeder logo..
8. ___ (For USA CHIC Breeders Only) I understand that to retain the CHIC designation on my breeder listing, all of my listed dogs must have completed CHIC certification within six months of their listing.
9. ___ I understand that only dogs/bitches two years of age and older will be listed.
10. ___ Should anyone, at any time, become unable or unwilling to keep an Icelandic Sheepdog sold or placed by me, I will take that dog back and/or help to find that dog a suitable home.

Current ISAA breeders renewing for 2012, please go to page 3.

Prospective (new) ISAA breeders, please go to page 4.

FOR BREEDER/STUD OWNER RENEWALS ONLY:

Review your listing(s) on the ISAA website.

<http://www.icelanddogs.com/Breeders-Approved.html>

<http://www.icelanddogs.com/Studs-Approved.html>

Make sure each of the following are correct as listed on the website.

All of the information is correct.

I need to make changes as follows:

Name: _____

Address: _____

Email: _____ Website/Blog: _____

Phone number: _____ State/Region/Country: _____

Number of litters: _____ Number of puppies: _____

FOR USA/Canadian RENEWING BREEDERS/STUD OWNERS ONLY:

Click on the hyperlink below your dog's name to go to the pedigree. Then click on the pedigree without links+button on the left under your dog's name and review the health information included.

Answer the following questions for each dog you have listed:

The health information is accurate as listed on the link.

The health information is not accurate on the link and needs to be updated as follows:

Name of Dog: _____ Information to be updated:

The last CERF date is listed as 2011 or 2012. (I understand that my dog must have a CERF test within the 12 months immediately prior to breeding that is published on the CERF website.)

Name of Dog(s): _____

I will renew the CERF and send the results into CERF. I will notify the BRCC of the date the eye test is completed and I understand that the listing will not be renewed until the CERF test is current.

Name of Dog(s): _____

FOR FOREIGN BREEDER/STUD DOG OWNERS ONLY:

I comply with the breeding guidelines of my country's national ISD club.

I attest that the information submitted is true and correct to the best of my knowledge. If I am submitting this document electronically, I certify that my typed signature may act as my written signature.

Signature: _____ Date: _____

Please mail or email page 2 and 3 of the Breeder/Stud Owner Agreement to the following:

Email: isaabrcc@gmail.com

Mail to:
