

**Icelandic Sheepdog Association of America
Breeder's Code of Conduct**

1. I will strive to improve my breeding program to meet the American Kennel Club Standard for the Icelandic Sheepdog breed.
2. I do not condone and will not participate in mixed breeding with non-Icelandics or breeding Icelandic Sheepdogs that are not from the AKC FSS, UKC, CKC or another approved registry. I understand that Artificial Insemination (AI) with an Icelandic Sheepdog from an approved registry is permitted.
3. With each Icelandic Sheepdog sold, I will make available the following: diet and care information, immunization and health records, at least a three generation pedigree and, where applicable, a registration application or transfer. I will also provide a copy of this Code of Conduct, the Code of Ethics and the Educational Guidelines. I will offer to help with problem solving throughout the dog's life.
4. I will become familiar with, and abide by, all American Kennel Club rules and regulations, and I understand that suspension by the American Kennel Club is grounds for action by the Icelandic Sheepdog Association of America.
5. I will not knowingly sell or donate a dog to a pet shop, a dealer, a commercial outlet for resale, or to any person known to sell dogs to such dealers. I will not knowingly permit any of my dogs to be sold at auction or used as any type of prize, either directly or indirectly.
6. I agree to keep the ISAA Tracking Chair updated on any owner information changes and the results of all health test and related issues
7. Should anyone, at any time, become unable or unwilling to keep an Icelandic Sheepdog sold or placed by me, I will take that dog back and/or help to find that dog a suitable home.
8. I agree to cooperate with any investigation conducted by the ethics committee, as appointed by the ISAA president
