

To Whom It May Concern

11<sup>th</sup> May 2010

We, the board of the Icelandic Kennel Club (Hundaræktarfélag Íslands) and the board of the Icelandic Sheepdog Breed Club in Iceland (Deild íslenska fárhundsins) wholeheartedly support the board of the Icelandic Sheepdog Association of America (ISAA).

The ISAA is the only breed club that we support for the Icelandic Sheepdog in America. We applaud all the hard work and effort that the ISAA have put into getting the Icelandic Sheepdog recognised by the American Kennel Club and not least in getting the breed standard approved that follows the official FCI breed standard thus safeguarding the integrity of the Icelandic sheepdog in America.
